It's been said that the measure of a community is the care it provides for its most vulnerable citizens.

Since 1966, The Arc of Winnebago, Boone & Ogle Counties has served this community, providing support and advocacy to people with developmental disabilities and their families.

The Arc has 3 goals: 1. Help families raise their children with disabilities at home. 2. Support adults with disabilities to live as independently as possible, close to work, family and friends. 3. Advocate for the supports and services those with developmental disabilities need to live productive lives in their communities.

As the waiting list of those needing services grows, funding for services shrinks. Your support of our fundraisers, the Chocoholic Frolic and Great Home Giveaway is vital. Please remember – as you enjoy tonight, you are helping your neighbors with developmental disabilities.

Thank you and enjoy.
